TO THE COLD FUSION PANEL

Enclosed is the draft report sections received to date, along with a copy of the agenda for our meeting.

The meeting will begin promptly at 8:30 a.m., but there will be coffee starting at 8:00. It will be in Room 4A-110 of the Forrestal Building.

One item which does not appear on the agenda is a briefing by the Naval Research Laboratory on their cold fusion research. They are not prepared to make their presentation during our open sessions, and therefore it is scheduled to take place during lunch on Monday.

Also enclosed for your information is a draft document prepared by H.O. Menlove, et al. of LANL.
